

MTM UNLIMITED - HARLEY TANK LIFT MEASUREMENT GUIDE

“Will this fit my bike ?” - Our tank lift kits are designed to fit most stock Dyna’s from 1999 - 2008. Aftermarket items and other modifications could lead to some fitment problems. These tank lifts should also fit some other Harley models. Use the guide below to take some measurement and make sure your new tank lift will fit.

Side Detail - *not to scale*

Print this out and use the templates below as a gage for the measurements. They should measure 1.0 wide when printed properly

Front Detail - *not to scale*
